

# DRIVE IS TO BE MADE FOR NEW RECRUITS

States, it has been said, and press reports indicate that the German chancellor did not even discuss that possibility.

before beginning the actual writing of his message to congress and it is expected that the German situation will be dealt with fully. He is hopeful that no time will be lost in organizing the house, so that he may deliver his address as soon as possible after the extra session convenes.

The attitude of both congress and public opinion is in order to represent both as fully as possible.

The president is anxious not to transgress the constitutional prerogatives of congress as the war-making body. It is realized that in the ultimate analysis, regardless of what the president may recommend, the responsibility for decision rests there.

Public Opinion Scanned.

Public opinion, it was said here, is indicated by clippings from newspapers in all parts of the country as unmistakably favoring decisive action. Belligerency is not confined to the Atlantic and Pacific sections if opinions gathered by the administration are a true index. Demand for action on the part of congress and the president comes also from the interior section between the Alleghenies and the Sierras. The views reported by some mid-western congressmen as to the apathy of their constituencies are considered more local than general.

The greater point under consideration present is whether Germany has not unmistakably shown through a long succession of violations of international law that the United States must definitely unite with the liberal democracies of the world against the four most complete autocracies both for its present and its future safety. All hope has been lost as shown in the note to Germany as to the treaty of 1871 in the good faith of the present German rulers. The Belgian invasion and deportations, the ruthless submarine warfare, the attempts to embroil neutral countries in plots and the general conduct of the war have convinced many officials that the German military system is a permanent danger to the world's peace.

Spy Plots Renewed.

German plots in this country, culminating in the Zimmerman note to ally Japan and Mexico in war against this country are regarded as evidence of the evil of the general system. The administration has much material not made public and it is understood that the complete text of the Zimmerman note has not been published. Further disclosures of intrigues may be expected at any time.

Germany through the coolness with which she treated the president's proposal to name peace terms is felt to be the greater source of danger to world peace. Some officials here who felt her original offer was insincere and merely a play for domestic consumption believe her refusal to state terms is proof of that contention.

Full co-operation with the allies, therefore, is generally favored as a necessity to America's future safety. German victory now, it is said, might lead to a direct attack on this country later and would at least necessitate extensive armament. A deadlock at the same time would be tantamount to a German victory on the basis that while after peace the German union would become stronger, the entente might very easily fall apart and Germany be left relatively world supreme.

Germany Expects Draw.

Military authorities believe that the most Germany expects now is a draw. Why she seems so indifferent to this country's entrance into the war causes much interest. Some officials have predicted for more than a year that Germany would attempt to force this nation into the conflict at the last moment, first in order that her autocracy might save its face before the people by surrendering to the whole world, and secondly, because this country would probably be a generous enemy. The last objection to America's participation was removed with the assurance of relations when it seemed to be possible for America to get funds to Germany and thus sustain the price of the mark.

Character of War Undecided.

With the United States drawn into the war through no desire of her own and convinced that the war is a war of self protection and self preservation the exact manner of American participation is undecided. The sending of an army to Europe or the provision of a huge credit of from one billion to five billion dollars are both being discussed. As for military participation nothing has been determined and decision must await actual entrance into the war. Some feel that a large army owing to need of equipment and diversion of shipping would be more of a hindrance than a help. Munitions manufacture where the United States could be of most value will be expedited to the greatest possible degree.

Alliances Feared.

General alliances with the entente nations are not contemplated. The United States plans to maintain its freedom of action just as far as possible. In a naval and military sense there will be, of course, full co-operation, but beyond that the country will not assume unlimited liability for the allies' aims. The United States will seek as far as possible to ameliorate the bitterness of the present war and prevent its ending from generating future wars.

## Chicago Meat Stores Attacked by Food Rioters

By Associated Press. 29.—Eight meat markets in the West Side ghetto were attacked by a crowd of several hundred men and women in a food riot this afternoon. Enraged by the high prices demanded by the storekeepers for their products, the rioters attacked the owners, seized quantities of meat and threw it into the street. Women smashed store windows and overturned counters. Twenty-seven women and three men were arrested.

## ARMY AND NAVY WAR PREPARATIONS GO AHEAD FAST

DEPARTMENT HEADS BUSY ARRANGING FOR DETAILS IN EVERY DEFENSE IN NATION.

By Associated Press. Washington, March 29.—Plans to forward further preparedness measures for the army today began to assume definite form.

How an increased army force may be promptly secured for the present emergency as well as universal training as a national policy were discussed by President Wilson with Senator Chamberlain of Oregon, chairman of the senate military committee. Senator Baker and administration leaders in congress considered legislation needed immediately for the military establishment.

Senator Chamberlain told the president that he believed the executive has authority without further action by congress to raise an army of more than seven hundred thousand men by increasing the regular army to war strength and calling out all the national guard at war strength, with co-operation from state executives.

There was no intimation that the president was considering a step immediately but the whole field of measures necessary to secure a larger force was discussed.

Budget to Congress.

For present needs the war department, Secretary Baker said, had decided to submit to congress a budget containing virtually the same provisions as the regular army appropriation bill which failed at the last session.

Estimates for the expense of an enlarged army or any emergency activities will be presented later. This decision coincides with the house plan to re-enact the appropriation bill without change and send it at once to the senate.

Senator Chamberlain also agreed to expedite the bill in the senate. To this end he said he would not again offer his universal training bill as a rider if it would delay prompt action on the supply measure.

The conference between the president and Senator Chamberlain was primarily to discuss the senator's universal training plan. He asked the president to endorse the general principle of compulsory training in his forthcoming message to congress. The president, it was said, gave no indication of his probable course. He was said to favor some plan for providing military training but was non-committal regarding the Chamberlain plan, to which he is understood to have some objections.

Chamberlain Sees Wilson.

After leaving the white house the senator said he was "still hopeful" of administration endorsement of his measure and also expressed optimism over prospects of passage by the senate of some form of universal training measure. Several senators, he said, who formerly opposed the plan, now favor it.

Senator Chamberlain expects to make several important amendments to his bill with the idea of increasing the number of trained soldiers it would produce in a short period. He proposes to raise the age limit of youths subject to training from nineteen to twenty years, to secure more mature men and to begin the training periods sooner than provided in the tentative bill, which proposes that about 500,000 youths be trained annually with six months' continuous service.

To Cost \$156,000,000.

The Oregon senator impressed upon the president that his plan would not entail the enormous expense of the army general staff training bill. He estimated that the annual cost of training 500,000 men would be roughly \$156,000,000.

As to the measures necessary for increasing the army in emergency Senator Chamberlain said that under existing law the president is authorized to increase the standing army to its war strength of 270,000 or with auxiliaries aggregating a regular force of about 300,000. The war strength of the national guard was estimated at about 440,000, with all forces fully enlisted. Thus combined the senator said a trained army of nearly three-quarters of a million men could be provided without action by congress.

When the regular army appropriation bill reaches the senate, Senator Chamberlain said he thought it would be increased with or without specific request from the war department, at least sufficiently to provide material necessary for an army of one million men.

A change planned by the war department in the supply bill is to shorten the time for accumulation of reserve materials for the army. The present bill provides for their purchase over a period of from four to five years and the department is planning to ask that funds for this purpose be made immediately available.

PLAN DEFENSE ORGANIZATION.

By Associated Press. Washington, March 29.—To co-ordinate preparedness measures, each of the government departments, it was announced today, will appoint a special representative to sit daily with the council of national defense. Eight already named met for the first time with the council today.

## DANIELS IN TALK TO MIDSHIPMEN LAUDS U. S. HEROES

By Associated Press. Annapolis, Md., March 29.—Secretary of the Navy Daniels today held up to nearly 200 midshipmen who received their diplomas from him the record of the heroes of the navy, particularly the late Admiral Dewey, and referred them to American seafighters as shining marks toward which to strive.

The graduates were told by the secretary that the nation expected them to be ready "for the day that may come—how soon, who can tell?"—when upon your coolness and knowledge and leadership and ability to shoot straight may depend the fate of a decisive naval engagement.

Called to the colors three months ahead of time because of the stranded international situation, the 183 members of the class, which would not be under ordinary circumstances have graduated until June, will before night be on their way to take up the duties as ensigns.

## NEWS QUARANTINE ON BELGIAN RELIEF WAS ANTICIPATED

STATE DEPARTMENT NOT SERIOUSLY CONCERNED OVER CABLES FROM EUROPE.

By Associated Press.

Washington, March 29.—Subjection of Americans of the Belgian Relief Commission to a "news quarantine" prior to their departure from behind the German lines was explained at the department today, as a proper course agreed upon when the relief workers were invited to remain in Belgium.

Reports that Brand Whitlock, minister to Belgium and other diplomatic officers also would be detained were not credited as assurances have been received to the contrary. The department issued this statement:

"There appears to be some misapprehension as to the delay in the withdrawal of American members of the commission for relief in Belgium. Shortly after the break in relations with Germany negotiations were instituted with a view to providing for the continuation of the relief work. The German authorities invited the American members to remain and gave written assurances that they might leave whenever they desired to give up the work. It was stipulated, however, that they should upon relinquishing their work remain for a period of two or three weeks in some German city on their way to Switzerland in order to prevent the transmission of any fresh information. This condition was accepted by the relief commission. "It is not anticipated that the American diplomatic or consular officers will be detained during this period as written assurances have been received through the Spanish government that they will be permitted to proceed directly to Switzerland."

## HOLLWEG TIES TO PUT BLAME ON AMERICA

CONTINUED FROM PAGE ONE.

anese war and the resulting revolution had been involved in distress, it was the German emperor who on account of personal relations of friendship, urgently advised the Russian emperor no longer to oppose the justified wishes of his nation for reforms. Emperor Nicholas preferred other roads. In Russia had attention been concentrated on internal reconstruction there would not have been room for the restless policy of expansion which finally led to this war and which has changed the old regime so much that now it is a hard event to do justice to natural human pity for the downfallen house of the rulers.

"Nobody can tell how things shall develop but our attitude toward Russian events is clearly outlined. We shall follow the principle that we never meddle with the internal problems of other countries. It now is maliciously reported that Germany wants to annihilate the hardly conquered freedom of the Russian nation and that the German emperor wants to re-establish the rule of the czar over his enslaved subjects. All these are merely lies and slander as I here expressly state.

Will Not Meddle. "How the Russian nation wants to construct its home is only the business of the Russian nation and we shall not meddle with it. The only thing that we hope is that in Russia foundations may develop that will make her the strong and firm bulwark of peace."

With reference to Chinese relations the chancellor said: "Our relations with China had always been of the most friendly nature, and if these relations have actually been terminated by the Chinese government I need not tell you that this is not by the free resolve of the Chinese government, but that it has acted under pressure of our enemies.

"Financial difficulties which could not be mastered during the war by China also played a fair part in it. Our enemies object also to our trade in China and appropriate without labor what has been established there during many years by German efficiency and German industry.

"The result of the war—as I confidently hope—will give us the opportunity to rebuild what has been destroyed and to rebuild it at the expense of our enemies. Then our friendly relations with China will revive provided that China will preserve until then the necessary forces of resistance against the greed and egotism of her present protectors."

## MEDIOCRE MEN IN ENGLAND TO SERVE: ARMY IN DEMAND

HOUSE OF COMMONS TOLD MILITARY NECESSITY COLLECTING PICK UPS.

By Associated Press.

London, March 29.—A bill giving the military authorities power to order re-examination of men previously rejected for military service and also of men who already have served and been discharged in consequence of wounds or illness was moved in the house of commons today on second reading by Chancellor Bonar Law. The chancellor said the bill was an absolute necessity owing to the military situation.

Arrangements were made last August which it was hoped would give the military authorities the men required, the chancellor explained, but owing to the submarine menace it had proved impossible to obtain the men expected from agriculture or from the admiralty and ship building yards. The recruits obtained, he said, had fallen short of the number estimated by not less than 100,000.

Falling Off Is Serious.

In view of the definite arrangements made not only by the British commander-in-chief, but in conjunction with the French, the chancellor continued, such a falling off was most serious.

To a considerable degree the shortage had been made good by a change in the employment of men in the army itself and by using behind the lines to a greater extent than ever before men unfit to go on the firing line. The shortage had been made good further by the employment of women behind the lines, but nevertheless the bill was absolutely necessary. The chancellor said it would enable the military authorities to deal with one million men and they estimated that at least 100,000 men would be available within the next three months. They were proceeding on the principle that every fit man should go on the firing line.

Casualties Not Serious.

The chancellor added he was thankful to say one of the reasons why the falling off in recruits had not had a disastrous result as it might have had was that the casualties thus far this year had been less than expected. He continued:

"We all know, however, that at the time of great fighting, with terrible casualties, which is in front of us, it might well happen that the whole value of this year's campaign might depend on our being able to drive home any success we were fortunate enough to achieve. It might well be that a falling off in recruits might make a difference between really and almost decisive results and victory which would have nothing like the same effect. At this moment the morale of our troops in France is splendid. They have more confidence than ever. They are more than a match for their enemies. It is the duty of the country to let them see their numbers are going to be kept up to the fullest extent."

A member of the house suggested that an appeal for recruits be made to Ireland. John Dillon interjected: "If it had been left in our hands we would have given you another hundred thousand men."

## Distribute \$50,000,000 to 12 Federal Reserve Banks

By Associated Press. Washington, March 29.—The \$50,000,000 borrowed yesterday by the government for ninety days is distributed among the twelve federal reserve banks, it was announced today, as follows:

New York \$20,000,000, Boston \$2,000,000, Philadelphia \$3,500,000, Cleveland \$3,500,000, Richmond \$2,000,000, Atlanta \$1,300,000, Chicago \$5,000,000, St. Louis \$2,500,000, Minneapolis \$2,000,000, Kansas City \$2,500,000, Dallas \$2,000,000 and San Francisco \$2,500,000.

WERE U. S. PATROL BOATS.

By Associated Press. Washington, March 29.—Official announcement that the "supposed" submarines reported Monday night off Montauk Point were in reality patrol motor boats returning to Long Island Sound after trial trips was made today by the navy department.

"The navy department," said a department statement, "has chased down the rumor that two strange submarines were sighted off Montauk Point at 6 o'clock on the evening of March 26, headed into Long Island Sound. These supposed submarines were two patrol motor boats returning from a trial trip."

VILLA NEAR CHIHUAHUA.

By Associated Press. El Paso, March 29.—Reports of skirmishing yesterday between Villa and Carranza troops between Morse station, only five miles south of Chihuahua City, were received here by government agents today. This was the closest the Villa forces have reached and a general attack on the city was predicted within a short time. Wounded continue to be brought into Chihuahua City, refugees reported.

## Censor Board is Named for Waco by City Council

That the places of commercialized amusement in Waco will be governed by a board of censors in the near future was the decision reached at a meeting held yesterday morning by the city commissioners. The ordinance was passed authorizing the appointment of three women and four men to act on this board and to attend personally to the supervision of the censorship.

The board of censors appointed was Rev. E. E. Ingram, W. V. Crawford, E. T. Genheimer, John F. Wright, Messdames W. L. Crosthwaite, J. W. Bass and Marion Herz.

## URGE UNIVERSAL TRAINING IN U. S.

CLOSING SESSION OF NATIONAL GUARD ASSOCIATION MAKES NEW RECOMMENDATIONS.

By Associated Press.

New York, March 29.—Universal compulsory military training with the national guard as a part of the federal force was recommended by the unanimous vote of the delegates to the national defense convention of the National Guard association of the United States at its closing session here today.

Members of the universal service committee of veterans of the national guard and naval militia went on record as favoring "universal military training and service, under exclusive control for all male citizens of the United States of suitable age."

Delegates who attended the defense convention declared that the significance of the resolutions passed by the veterans lay in the fact that they favored compulsory universal service under exclusive federal control without mentioning the national guard as a part of the federal force.

The resolutions presented to the defense convention were amended so as to provide that the national guard be taken out of the militia class and become a veritable federal force, with such provision governing the location of units, the appointment of officers and representatives in the general staff as the congress may prescribe.

TEXAS MAN HONORED.

Special to the News. Austin, March 29.—Hon. J. W. ## AMERICAN BANKERS SEEK TO REMEDY SCARCITY OF SEEDS

PLAN CAMPAIGN IN SOUTHERN STATE TO PROVIDE AGAINST POSSIBLE SHORTAGES.

By Associated Press.  
Corpus Christi, March 29.—The agricultural commission of the American Bankers' association on suggestion of the United States department of agriculture has undertaken a campaign to remedy the scarcity of seed for food and feed crops in Southern states.  
Increased food and feed production is sought.  
The suggestion for the campaign came to Joseph Hirsch, Corpus Christi banker, who is chairman of the agricultural commission, from Dr. Bradford Knapp, chief of extension work in the South for the United States department of agriculture. Dr. Knapp telegraphed Mr. Hirsch to solicit the co-operation of bankers, business men and county agents in supplying seed.  
"I understand that seed for food and feed crops is scarce," said Dr. Knapp. "The situation should be canvassed and prompt action taken. There is no hope except in organized effort to obtain the seed and sell it at cost to the farmer."  
Mr. Hirsch sent a copy of the telegram to the presidents of the ten cotton states bankers' associations and urged a south-wide campaign for increased food and feed production.

## FLATONIA

An Easter celebration will be held at the park here Wednesday, April 4. The program for the day will consist of band concerts, egg hunt, baseball game and a grand ball at night. These celebrations are held every year and are given by the park association.  
The local teams representing the Flatonia high school left Thursday afternoon for La Grange to attend the county meet of the interscholastic league meet. The locals expect to win first place in the majority of the events in which they enter. The Flatonia Commercial club loving cup, given to the team making the highest score in debate will also be contested for.  
About twenty of the business men of the city signed up for a lyceum course to be held under the auspices of the Mothers' club to be held here next year. This and the chautauqua will give this city a class of entertainments that are seldom seen in a small town.

## "Kie-Yie-Yie! Get Me 'Gets-It' Quick!"

2 Drops Make Corn "Fall" Off.  
"I've joined the Never-Again Club. Never again will I use anything for corns but 'Gets-It.' Put 2 drops of 'Gets-It' on, and from that second the corn begins to shrivel. Instead of swelling up like a

little white sponge. Then it loosens from your toe—and, glory hallelujah! the corn comes right off as though you'd take a knife off your hand!  
Yes, "Gets-It" is the corn discovery of the age. More "Gets-It" is sold by many times than any other corn remedy in existence. Try it and you'll know the reason why. It takes two seconds to apply it, and it dries at once. That's all. Don't experiment—follow the experience of millions and use "Gets-It."  
"Gets-It" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.  
Sold in Waco and recommended as the world's best corn remedy by E. K. Kelly Drug Co., O. K. Stettin and Provident Drug Co.

## Plant Your Hogs + + + + + And Set No Price

Special to the News.  
Waxahachie, March 29.—Matt Robinson, prominent hog breeder near here, today called attention to the fact that he predicted 15c hogs before the first day of June this year. "The markets," he declared, "show hogs quoted at a better price in Chicago this week." Robinson states it is his belief that hogs will go so much higher in another twelve months that he would be considered "bug-house" should he fix the price. He advises Ellis county farmers to "plant" just as many hogs as possible and grow feed to fatten them.

## CHILD LOSES LIFE IN FIRE TRAGEDY

FARM HOUSES NEAR ROSEBUD ARE TOTALLY DESTROYED BY FLAMES—LOSS \$3,500.

Special to the News.  
Rosebud, March 29.—Fire originating from unknown cause totally destroyed the home of Dick Peiper, who lives on his farm about eight miles west of Rosebud, and his mother's home situated a short distance from there also caught fire and was destroyed. The saddest part of the loss was that the 3-year-old son of Dick Peiper was burned in the fire, while a son about 5 years of age got safely out of the burning building. Paul Peiper states that very little of value was saved from his mother's home while everything in his brother's home was a total loss. The loss on the two dwellings will reach \$3,500 and the loss on the contents of both homes will reach \$2,500.

## Will Choose Trustee Board for Waxahachie Schools

Special to the News.  
Waxahachie, March 29.—A call has been made for the school patrons to meet at the court house here on Friday night of this week to name four candidates for school trustees. The call is signed by members of the mass meeting committee which protested to the present school board regarding the location of the new high school building, and is taken to mean that an opposition ticket will be put in the field against the present incumbents should they announce for re-election as school trustees.

## GATESVILLE

The commissioners' court in called session this week awarded the contract for a steel bridge across the Leon river near Round Mountain crossing between Leon Junction and Lime City.  
The school board of the city schools elected Prof. George W. Harris as superintendent of public schools for another year. Mr. Harris has been superintendent for the past eight years.  
The school at Turnersville has been suspended this week on account of an epidemic of the measles.  
Sheriff Bill Lemmons of Hamilton was a visitor here this week.  
A large number of people from here are expecting to be at Jonesboro next Saturday as it is to be the first trades day for this year.  
The Cotton Belt demonstration train is advertised to be here April 5 for several hours.  
C. P. Liljeblad, 75, died at his home eight miles north of town last Monday and as buried at Ames cemetery Tuesday.  
Mrs. Callaway, a widow aged 59, was found dead Tuesday morning in her bed when her son went in the room to call her to breakfast. Her remains were shipped to Llano for burial.  
J. M. Stuteville, 68, died here Tuesday night. He had lived in this county more than forty years. His two sons recently were discharged from the national guard at Corpus Christi, got home a few hours before he expired. All the soldier boys arrived home Tuesday except two or three.

RECRUITS AT SAN ANGELO.  
Special to the News.  
San Angelo, March 29.—Three applicants for the United States navy appeared here today when a branch recruiting station, the first in the history of the city, was opened by an officer from San Antonio. If enlistments average three a week, the station will be made permanent.

## AUTO-INTOXICATION EXPLAINED

By SAMUEL HAMILTON, M. D.  
A French physiologist described man as a "digestive tube with arrangements for locomotion and guidance." It is commonly said that most people "dig their graves with their teeth." The disastrous effects of constipation have always been well known. It is easily understood how serious are the troubles which are caused by stagnation of decayed matter in the large intestines—poison reabsorbed and taken into the circulation—this is called auto-intoxication. It is apparent, therefore, that the first necessity is to cleanse the intestines thoroughly.  
The best method for cleansing the whole intestinal tract and urging the liver into activity is to take as much outdoor exercise as possible, drink hot water before meals, and take a pleasant, laxative, vegetable pill occasionally. Such a one is made up of May-apple, leaves of aloë, root of jalap, made into a sugar-coated pill that gives tone to the bowels. This was first made and sold by almost all druggists nearly fifty years ago, as Doctor Pierce's Pleasant Pellets.  
Such simple means will prevent auto-intoxication. People are realizing that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working, separating the poisons from the blood. Uric acid backs up into the system, causing rheumatism, neuralgia, droupey and many other serious disturbances.  
This can be avoided by stimulating the kidneys to increased action, and because of its tonic effect on these organs I would advise any one to purchase Auric (double or triple strength), which is to be had nowadays at almost any drug store, and take it three times a day. Also drink hot water before meals.

## Improvements at Waxahachie for Getzendane Park

Special to the News.  
Waxahachie, March 29.—Improvements that will call for a total expenditure of \$1,500 have been started at Getzendane Memorial park here. The first coat of paint has already been applied to the big chautauqua pavilion and the park fence has been rebuilt. The improvement plans call for a memorial arch at the main entrance to the park with huge brick columns and a beam of steel. Heretofore the city did not have the means with which to make the needed improvements, but the new charter, adopted last fall, provides a 5c tax on the \$100 valuation for maintenance of parks and cemeteries.

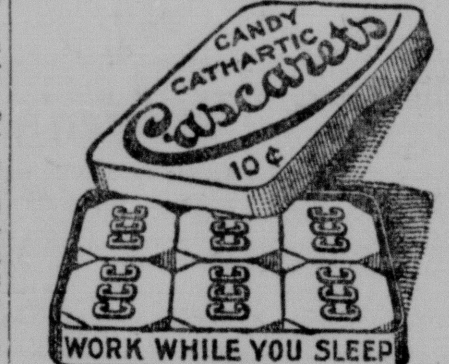

## AQUILLA

Dr. Hunt and J. D. Pitts went to Whitney last Saturday evening.  
Cy Hicks and family took a spin to Marlin and back last Sunday.  
The Masonic lodge of this place has bought the old storehouse known as the Garrett building and will overhaul it and convert it into lodge room, which will be much more convenient for the members than the old stand.  
There was considerable frost last Saturday morning, but it seems that very little damage was done. The potatoes were hit some, but not materially damaged. Corn is up in most places and looking well, also the small grain is looking good since the little rains we have had recently.  
Uncle Jim Cobble Sr. of this place celebrated his 74th birthday Sunday, March 25, by inviting his sons who live in the west to take dinner with him and his estimable wife and the following named were present: Sam Dock, Frank Euclid and Jim Jr., also Hub Cobble of this county and his family and J. L. Montgomery and wife of Aquilla.

## BEST LIVER AND BOWEL LAXATIVE FOR FAMILY USE

CASCARETS REGULATE WOMEN, MEN AND CHILDREN WITHOUT INJURY.

TAKE WHEN BILIOUS, HEADACHY, FOR COLDS, BAD BREATH, SOUR STOMACH.

Instead of nasty, harsh pills, salts, castor oil or dangerous calomel, why don't you keep Cascarets handy in your home? Cascarets act on the liver and thirty feet of bowels so gently you don't realize you have taken a cathartic, but they act thoroughly and can be depended upon when a good liver and bowel cleansing is necessary—they move the bile and poison from the bowels without griping and sweeten the stomach. You eat one or two at night like candy and you wake up feeling fine, the headache, biliousness, bad breath, coated tongue, sour stomach, constipation, or bad cold disappears. Mothers should give cross, sick, feverish or bilious children a whole Cascaret any time—they are harmless and safe for the little folks.

70 Years Old and Not a Wrinkle  
Countess de Chevanne says her astonishing youthful appearance is due to Cascarets (Cascarets are absolutely pure and harmless). Absolutely prevents formation of wrinkles. Acts on wrinkles already formed, in three weeks time. Success guaranteed or money refunded. Sold by All leading drug and department stores

### BETHMANN-HOLLWEG SPEAKS.

WOULD it not be best for the American public to read the censored bits of the German imperial chancellor's address to the reichstag, appearing in this morning's dispatches, twice before forming an opinion thereon?

"Germany never had the slightest intention of attacking the United States of America and does not have such intention now," reads the chancellor's opening statement.

If such is the case, why the ruthless attack on American ships, the murder of American citizens and the renewal of submarine menaces against American shipping on the high seas in the face of past promises, now broken and shattered with past treaties, many, many times. Why such piracy, veiled with the excuse of self-preservation, perhaps the excuse of commanders' mistakes, each followed by suggestions of arbitration, worth of which known long ago to Americans to be less than nothing.

If such is the case, why the Zimmerman intrigue, now consensually explained as a necessary step in case the United States declared war.

If such is the case, why the revelations of German intrigue throughout this nation, hundreds of arrests and detentions on suspicion, nine times out of ten proving much more than groundless.

The chancellor then follows with the oratorical—"How did these things develop?" Does the censor for the moment believe such phrase would have effect on the patience of the American public, led through months and years of watchful waiting and hoping by President Wilson?

"If the American nation considers this a cause for which to declare war against the German nation with which it has lived in peace for more than one hundred years; if this action warrants an increase of bloodshed, we shall not have to bear the burden of responsibility for it."

In the event of a declaration of war April 2 how many times will the German dispatches refer to that paragraph placing the onus westward to the American continent.

And finally, is it not refreshing, even in the midst of such an international crisis, to read:

"Dealing with Russia, the imperial chancellor said that the Russian emperor had not listened to the German emperor's advice to no longer oppose the justified wishes of his nation for reform."

If the cables of yesterday from the reichstag are to be taken as bits of German diplomacy, is there any wonder that the Russian intrigue fell, is there any wonder the world now knows of Germany's plan to grab Texas, Arizona and New Mexico as a panacea for Mexican brigandage and purchase price for Carranza support?

STRANGE TIMES, INDEED. A newspaper man went to see La Follette.

### The Short Story Formula.

Write your story.  
Then send it to a 35-cent magazine.  
Get it back.  
Buy more stamps and send it to a 25-cent magazine.  
Get it back.  
Buy more stamps and send it to a 15-cent magazine.  
Get it back.  
Buy more stamps and send it to a 10-cent magazine.  
Get it back.  
Buy more stamps and send it to a trade paper.  
Get it back.  
Buy more stamps and send it to a moving picture company.  
Get \$200 for it.  
It's being done.

Writing for the magazines certainly is the grand life. If you can get along without eating, sleeping or wearing clothes for twenty years, the chances are you may put something over. The homing instinct is more strongly developed in the magazine story than in any other known organism. It is a sport for millionaires like auto polo, is short story writing, and every poor author knows right down in his heart that his story is far superior to the mush that they buy and print. Isn't it so? You know it.

Seems as though the American crowds can generally remember the tune and words of the "Star-Spangled Banner" when there is any real occasion for it.

## WAR AS SHERMAN MADE IT REPEATS HISTORY IN FRANCE

AFTER THE RETREAT—WHAT?—A HELL FEST OF HUMAN SACRIFICES.

(From a Staff Correspondent of the Associated Press.)

British Headquarters in France, via London, March 29.—Now that the desperate episodes in the war known in history as the battles of the Somme have been definitely ended by the German retreat from Arras to the Aisne it has been possible more leisurely to investigate the conditions which existed along the German front just prior to the backward swing to the so-called Hindenburg line.

When the retreat first began, more than a month ago, the British swept over some old Somme positions held by the Germans and even the most hurried glimpse of the evacuated trenches indicated how untenable they had become and why it was decided to run no risks of another allied offensive in this sector. Five miles of slogging along the old German lines in the vicinity of Bapaume today revealed a picture of ghastliness which may never be seen again in this or any other war. The front line was a long, open, dilapidated, crumbling grave which disappeared in the mud at times, but could be picked up further on by means of the bodies that marked the way.

### Lived with Their Dead.

One realized with a shudder how the men doomed to live in these trenches had been plagued by their own dead. Such a ceremony as decent burial had been wholly out of the question and there was no means of conveying the bodies to the rear. It had been like passing through a fiery rain from hades to bring up food and water to the living. So the dead had simply been tossed out of the trenches only to be blown back again by an exploding shell. Sometimes they came back in fragments, for there were arms and legs, feet and hands everywhere.

Occasionally graves had been dug in the sides of the trench itself, but the dead could not rest there. At frequent intervals the inevitable skeleton hands and feet protruded from the trench walls.

Grim sights this war has had for the men who passed up and down those trenches during the long and bitter nights of winter.

### Reasons Disclosed.

It has been an enthralling thing to stand by the British guns in the last three or four months and wonder what was the meaning of all their continuous roar. There was no set battle in progress and the gunners said it was merely the "daily hate" going on to keep Fritz unhappy. The hideous revelations of the German trenches, however, give the gruesome answer to what the guns were doing. Neither by day nor by night had the Germans rested. Their trusted barbed wire had been swept completely away over thousands of yards and they dared not venture out to repair it.

All trace of communication trenches leading to the front lines were wiped out and it had been necessary to bring up supplies and relief at night over a country blown into endless shell holes, many of which were filled to such a depth with water that men were drowned in them. White bits of bread tape could be seen here and there attached to iron posts. They were for the purpose of guiding the men up to the front line.

### Dugouts Not Immune.

The front line, of course, was seamed with the inevitable deep German dugouts, but even these had not been immune. There were hundreds of direct hits on top of them which must have made life intensely miserable and hazardous within. Around the famous Butte de Warlencourt the German trenches have entirely disappeared. The Somme battlefields today appear like some great refuse dump. Litter is strewn everywhere. The evacuated German back areas remind one strikingly of the scenes around a deserted mining camp in which the gold veins have given out.

## NEW-YORK-DAY-BY-DAY.

BY O. O. MCINTYRE.

New York, March 29.—The Lounge Lizards and Parlor Snakes—or if you prefer the Tango Pirates—have returned to Broadway. As a police captain remarked: "They are regular fellows. They carry matches and everything." They are the sleek, fashionably dressed young men who prey on women in the gilded tango halls.

A murder of a woman, who was supposed to have been happily married, in a Broadway hotel, has convinced the police that these young fops are once more making a living by blackmail and other sinister means. Their victims are women who slip away from the family hearth to bask under assumed names in the glare of Broadway.

When the daughter of a very wealthy family was arrested some time ago as the result of her fascination for a well known fox trotter the police warned all of these tango hounds to decamp. They did. But one by one they have returned.

These men have no visible means of support. They breakfast at 4 o'clock in the afternoon and consequently never work. They watch for women

who have passed the stage of girlhood and who enjoy the flattering of the fashion plates.  
The murderer of the woman is supposed to have been one of her associates in the dancing places she frequented. Murder is not a common crime among these parasites but robbery of their woman companions in one form or another is regarded by some of them as a legitimate means of lining their pockets and most of the thefts, for reasons easy to understand, are not reported to the police.

Evelyn Thaw with her son, Russell, and her husband, Jack Clifford, are living quietly away from the excitement of Broadway. I saw them in the grill of the Majestic the other evening and was told they had an apartment overlooking Central Park where Evelyn and the boy may enjoy the playground for the children on the Mall.

Clifford is a handsome, well set up chap of Italian extraction. He has been one of the few tango dancers who has kept his name unspotted and he is welcomed in good circles. He has been devoted to his wife and when they are not appearing on the stage they retire to his camp in Maine.

### Letters from the People

#### LETTER TO ORGANIZED LABOR.

And All Others Who Perform Useful Labor.

To the Editor:  
Regardless of race, creed or political belief, that you may have, we believe that you have the best interests of Waco at heart. Believing that you are open-minded and willing to discuss a subject from all angles, and also believing that all newspapers are broad enough to publish this letter.

Therefore, we, the executive committee of the Waco socialist party present the following for your perusal. We cordially invite discussion and debate.

Would you as a member of your respective labor and fraternal organization cast a ballot to elect as an active officer of your local one who had no connection therewith, and consequently would not have its interests at heart? Do you believe that there is sufficient intelligence in the ranks of organized labor to conduct the affairs of a municipality? Do you think it possible for a man to work with his hands and be conversant with the needs of a people, and at the same time have both the courage and conviction to proceed?

Seventy per cent of the population of the average city is composed of working people. Don't you think that representatives chosen from the greatest number would be more apt to govern according to the real needs of the majority? If so, hear with us a little longer. Very likely, one of our municipal platforms has been delivered to your door. In it you noticed enumerated the things we advocate. Twenty-two definite demands. Prominent among them are the demands for municipal ownership of public service corporations, and the erection of a market house. Many of you have wished for a market house during the past six months. Can you find any objection to free textbooks, free speech and better sanitary conditions? Would not you like to have something done about the immoral conditions in our fair city, which are corrupting the minds of our boys and girls? If so—and no doubt you are in favor of all the foregoing—won't you take the trouble to go to the polls and express your convictions? The candidates on the socialist ticket are all members of organized labor, and are ready to do your bidding. The ticket is as follows:

Fire and Police Commissioner—T. M. DeLoach, of the Carpenters' union.  
Health Commissioner—A. F. Von Blon, of the Switchmen's union.  
Tax Collector—C. P. Bullock, of the Boilermakers' union.

Every candidate of the socialist party signs an undated resignation, by which he is compelled to live up to his party promises. No other party gives you such a guarantee of good faith. We further ask that you study our literature, program and principles.

Yours for a better Waco,  
EXECUTIVE COMMITTEE,  
WILLIAM LARSEN, Chairman.

## CALOMEL MAKES YOU SICK, UGH!

"DODSON'S LIVER TONE" BETTER THAN CALOMEL AND CAN NOT SALIVATE.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day. It loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

## FERGUSON BUSY SIGNING BILLS OF LAST SESSION

WARRANTS ISSUED YESTERDAY SHOW 100 CONFEDERATE VETERANS DIE WITHIN QUARTER.

By Associated Press.

Austin, March 29.—Governor Ferguson today signed the bill which prescribes the fees which may be charged by the state board of pharmacy. He also approved the bill regulating the tax to be paid by vendors of patent medicines and also the bill requiring the teaching as a part of the regular course of Texas history in the public schools of this state.

He also signed the bills creating road systems for these counties: Van Zandt, Wilson, Milam, Ellis, Karnes, Erath, Cherokee, Duval, Bowie, Raines and Trinity.

Bills creating independent school districts were signed for these places: Talpa, Coleman, Githwaite, Tahaka, Girard, Stanton, Smiley, Kelton, Alief in Harris county, Caps in Taylor county, Shepherd and Sabine.

Also approved these bills: Fixing time of holding court in sixtieth district; permitting S. S. Perry to sue the state.

Exempting certain counties from hide and animal inspection law. Exempting Corpus Christi from taxation for a period of fifteen years to aid in building seawall.

Restoring civil and criminal jurisdiction of Dallas county court at law. Increasing salaries of Tarrant county commissioners.

### MANY VETERANS DIE.

By Associated Press.

Austin, March 29.—Within the past quarter, not less than 100 Confederate pensioners have died according to figures in the 19,000 Confederate pension warrants issued and mailed out the first of March for the quarter, approximately 150 were returned by the postoffice authorities as undelivered and of these 100 were marked "deceased" while the remainder have changed addresses. It was also announced by the department that mortality warrants of the thirty-fifth legislature cannot be issued to these deceased members for funeral expenses as the law is not yet effective.

### ASK \$15,000 APPROPRIATION.

By Associated Press.

Austin, March 29.—The Texas Cattle Raisers' association, through a committee appointed for that purpose today presented to Governor Ferguson and to the comptroller's department, a copy of a resolution adopted by the association at its recent annual convention at Fort Worth, recommending and urging that the governor submit to the coming special session of the legislature a request for an appropriation of \$15,000 to assist the shipping interests of the state in fighting and prosecuting the state's contention in the Shreveport rate case. The committee consisted of James Callahan, president of the association; Marion Sansom and George W. Armstrong, all of Fort Worth. This money is to be used in assisting in the gathering of evidence and data for this case. The committee also urged upon the governor the submission of a measure, along the lines of senate bill No. 219, for the protection of the rates of the Texas railroad commission.

### ERROR IN LEGISLATION.

By Associated Press.

Austin, March 29.—Another error due to hurried passage of bills by the thirty-fifth legislature came to light today when it was disclosed that two bills covering exactly the same subjects were enacted, sent to the executive department and signed by the governor. These bills amend section two of the law creating the Jourdan-ton independent school district in Atascosa county. The attention of the governor was called to the duplication today and will likely disapprove one of the bills.

### COMMITTEE TO MEET.

By Associated Press.

Austin, March 29.—The house general appropriation committee will meet here one week ahead of the date on which the special session of the thirty-fifth legislature convenes, according to Sam D. Low, Washington county member of the house and also of the appropriation committee, who is here today. This committee, in order to expedite consideration of the money bills, will get them in shape to be presented shortly after the session opens. Mr. Low was of the opinion that the special session will not be called any later than April 16.

### COMPLETE INSPECTION.

Special to the News.

Austin, March 29.—An inspection of the seventy-nine miles of track between Fort Worth and Whitesboro, used jointly by the Missouri, Kansas & Texas and the Texas & Pacific railroads, has just been completed by Railroad Commissioners Allison Mayfield and Charles H. Hurdleston, and the commission's chief engineer, R. D. Parker. The inspection was induced by complaints of deterioration of the line and while no report has yet been made it is understood the commission will advise that portions of the track are in need of attention.

Engineer Parker will file a report indicating what should be done, if anything, to improve the railway, with special reference to ballasting, new ties or additional ties in place, and the substitution of new rails where the track has become worn.

## HILSBORO FIRE CAUSES LOSS OF OVER \$350,000

By Associated Press.

Hiltsboro, March 29.—Fire of unknown origin which started here at 1:30 o'clock today practically destroyed the Hiltsboro cotton compress, together with about 2,000 bales of cotton. The loss will be between \$350,000 and \$375,000, covered by insurance. The fire was discovered on the north cotton platform. A wind from the south prevented the fire from sweeping back on the town. Inadequate water pressure handicapped the work of the firemen.

## Over 3,000,000 Lbs. Wool at San Angelo

Special to the News.

San Angelo, March 29.—Spring wools in West Texas will be far stronger in fibre than in 1916 because of more care exercised by the sheepmen, and should command the highest prices in the history of the country, states J. H. Cauten, Lampasas wool buyer. Goats are now being clipped and the shearing of sheep will be begun as soon as the lambing season is over, between April 15 and May 1. Wool merchants estimate that in excess of 3,000,000 pounds of wool alone will be concentrated here.

## MARLIN

The Ladies' Social club was entertained Tuesday afternoon by Mrs. Esther Levy at her home on Burr street. The regular meeting was scheduled for Wednesday, but gave way to an open meeting of the Wednesday Matinee Musical club, in which a special musical program was rendered.

Mrs. James Smith Tuttle of New Orleans was honoree at a beautifully appointed luncheon at the Arlington Hotel Tuesday, with Mrs. Minor as hostess. The table was elaborately decorated with cut flowers and fruit. The luncheon consisted of seven courses. Grape-fruit cocktail, bullion, fried oysters, pickles, crackers, turkey with dressing, olives, creamed potatoes, English peas, asparagus on toast, shrimp salad, strawberry ice cream, cake and coffee. The guests were Mesdames Cowden, Foster, Courtwright, Clark, Lewis, Kaiser, Butler and Miss Woods.

Friday afternoon at 5:30 o'clock the "Cruisers," who went down in defeat in a membership campaign conducted by the Commercial club, will entertain at the "Submarines" with a barbecue at the historical Brazos Falls. The losers were under the leadership of "Commodore" Hal St. Clair and the winners were commanded by "Admiral" N. D. Naman, who, without warning torpedoed Commodore St. Clair's fleet and emerged with an overwhelming victory to his credit. The barbecue will be attended by all new and old members of the club.

J. B. Earle of Waco was a visitor in Marlin Wednesday.

Mrs. E. F. Kavanaugh of Waco is visiting her parents, Mr. and Mrs. J. A. Keigwin in Marlin.

## HANDLEY, TEXAS, RAIDED BY YEGG GANG THURSDAY

Special to the News.

Fort Worth, March 29.—The First State bank was entered, the postoffice and Norwood's store at Handley robbed last night. An explosive failed on the bank vault, as likewise did crowbars. However, the robbers secured a few dollars in change in the bank. Parcel post packages, stamps and a few small articles were missed from the postoffice and bank. The ringing of a telephone bell in the bank is thought to have frightened the bandits away.

## New York Watches Texas for Ideas on City Bonds

Special to the News.

Austin, March 29.—That the state of New York is considering the adoption of the Texas system of registering municipal bonds, is evident by the receipt of a letter from the New York comptroller's office by Comptroller H. B. Terrell, requesting information on the system now in use in this state. The requested information covers the laws, amount of municipal bonds registered annually and the clerical force required for such work. This information has been furnished by Comptroller Terrell together with copies of the department's annual report of last year showing in detail the registration of bonds.

## Bruceville Autoists Hurt in Smash Near Waco

Special to the News.

Bruceville, March 29.—Luther Brock and Ray and Al Miswell had a serious auto wreck Wednesday morning about seven miles out of Waco. They had no lights on their car and the machine hit the cement curb and knocked Ray unconscious. He was revived late Wednesday evening. Mr. Brock lost some of his teeth and Al Miswell is seriously bruised. He was knocked through the windshield. The car was badly damaged.

### AID TO CORPUS CHRISTI.

Special to the News.

Austin, March 29.—The governor today approved the bill which gives to the city of Corpus Christi for the next fifteen years all state ad valorem taxes collected in Nueces county for the purpose of creating a sinking fund and paying interest on bonds with which to construct a seawall to protect the city against encroachments by the gulf water and against storm damage.

### 1,002 MEMBERS.

Geyser City camp No. 6, W. O. W., now has 1,002 members, and expects to have 1,500 members by January 1.

## REVIEW CLUB TO HAVE GARDEN PARTY

The last of April will see the adjournment of many social clubs for the summer. Among these will be the Review club, which will close the book of the year with a garden party of elaborate and magnitude. Details have not yet been given out, but it is understood that those concerned are looking forward to it with a great deal of pleasant excitement.

## STORY HOUR AT PUBLIC LIBRARY

The regular story hour at the public library at 4 o'clock will be especially interesting this week. "The Captivity of Santa Anna" is the Texas story that will be told. The attendance of late has been very gratifying to those who are responsible for the conducting of this splendid feature for the children, and as summer draws near, it is believed that a still more decided increase will be noticed. More than a hundred children were present last Friday afternoon.

## THURSDAY BRIDGE WITH MRS. C. N. SMITH

The Thursday Bridge had a pleasant afternoon yesterday with Mrs. C. N. Smith of Clay street. Guests other than the club members were Mrs. Jessie Penix, Mrs. C. C. Terry and Mrs. R. H. Coleman. The club prize was carried away by Mrs. Will Carroll and Mrs. Coleman was awarded consolation. Pretty hambo trays with white hyacinths brought in salads and ices for the players. Mrs. Frank Wells is to have the club next week.

## MERRY MATRONS WITH MRS. WRIGHT EDMUNDSON

Mrs. E. L. Farley was hostess yesterday afternoon to the Merry Matrons. The house was prettily decorated with bowls of violets. The needlework went merrily on until the hostess interrupted with a dainty salad plate.

Guests outside the club were Mesdames Tom Edmondson, F. P. Culver, Glen Thompson, George Stubblefield, John Dollins, Mason, Lastinger, Kirtrell and Scott Powell. Next Thursday's hostess is Mrs. H. Hagedorn, 1726 North Fifth.

## KILL KARE KLUB WITH MRS. JOE MORGAN

The parlors of Mrs. Joe Morgan's home were prettily decorated with pink carnations and ferns for the reception of her bridge club on yesterday afternoon. The favors were little green chicks perched upon them, reminding her guests that Easter is at hand.

Mrs. Daniels won high score, taking away with her a cut glass perfume bottle. Mrs. E. A. McKinney was consoled with a hand embroidered guest towel. The club's next hostess is Mrs. Fenton Morgan of North Seventh street.

## GUESTS FOR THE MONTGOMERY-FARMER WEDDING

Miss Julia Farmer and Rawlins Farmer of Penelope were guests for the Montgomery-Farmer wedding, which took place on Wednesday. These relatives of the groom enjoyed several social courtesies anent the wedding.

In the account of the wedding service, which was given in yesterday's News, the name of Mrs. Joe Thompson, who was matron of honor, was omitted. The correction is gladly made. The long and intimate friendship which existed between the bride and Mrs. Thompson was recognized in Mrs. Farmer's choice of a matron of honor.

## TRAVELOG AT LIBRARY TO OBSERVE GOOD FRIDAY

In delivering her travelog at the public library tomorrow, Miss Kate Friend will present to a large audience the world-famed "Passion Play," life people and play, as it is seen by thousands of tourists in the tiny village of Oberammergau. This will be observance of the holy week, the period depicted in this uniquely preserved medieval custom. Miss Friend's lantern slides, a half hundred in number, are made direct from Oberammergau pictures. She will deliver message direct from the little Bavarian village, and show greeting from the "Christus," Anton Lang, and his family, sent for the new year of 1917. This travelog is arousing more than ordinary interest, in that it will refute the Associated Press dispatches of several months ago which announced the "Christus" killed at the front.

## FEDERATED MISSIONS IN ALL DAY SESSION

The Waco Federation of Missionary Societies is to meet today in all day session at the Central Christian church. The feature of the afternoon's program will be a speech by Charles Saville, of the Dallas health department. Mr. Saville is director of public health, is a graduate of an eastern college, and an acknowledged authority in his line.

The Federated Missions extends an urgent invitation to the Rotary club, the Lions, the Y. M. B. L., the Junior Y. M. B. L., the city commission, food inspectors, the Chamber of Commerce, the Lawyers' club, and all other organizations and individuals interested in Waco's health and sanitation.

## MRS. W. H. DAILY IS HELPING A LITTLE TODAY

FURNISHES A DOLLAR MENU, AND ANNE SAYS IT LOOKS MIGHTY GOOD.

By Anne Austin.

My Don'ts.

Don't buy anything a dollar down and a dollar a week. We found on examination the first year we were married that we had six different installment accounts. Don't buy anything that's cheap in quality. That was the hardest thing for me to learn, especially when I needed a pair of shoes and I had just half enough with which to purchase what I knew to be good.

Don't let the grocery baguette fly in ordering over the telephone, as he calls over his list of the day's choicest eats. Don't forget to plan your menus. Don't trust to luck to find a can of tomatoes twenty minutes before lunch time, when nothing else but tomatoes will do.

Don't waste gas and energy in cooking things that are better ready prepared. Don't forget to keep your grocery slips. Butchers and grocers make mistakes. The following menu is one of those submitted in the menu contest, which closes on Saturday:

Soup from roast  
Roast, baked with Irish potatoes  
Lettuce with salad dressing  
Cream pudding with milk

### SUB SEA PICTURE AT HIPPODROME TODAY

With every newspaper filled with stories of the terrible destructive powers of the submarine craft operating a blockade against England and France the deep sea scenes of Jules Verne's "Twenty Thousand Leagues Under the Sea" will be doubly interesting to the spectator. This picture is to be shown for three days at the Hippodrome, starting at 10:45 this morning.

A few survivors of torpedoes vessels know what a submarine in action looks like. The weekly news pictures have shown many types of submarines steaming about harbors or on proving grounds so that the public has become more or less familiar with this kind of a fighting machine. But to see one of these "monsters" actually in action firing a torpedo at a steamer is a sensation that very few people live to tell about.

Towards the end of the story, "Twenty Thousand Leagues Under the Sea," a yacht is steaming away from the pursuing submarine when a torpedo is fired at the fleeing steamer, one can follow the course of this missile by the little thread of foam that appears on the surface of the sea, then it strikes and explodes. The yacht is blown half out of the water and catches fire. The crew and officers are lost, but two people being thrown clear of the wreckage are seen swimming away. Here is another lesson that can be learned from the under side and every stroke of arm and limb are plainly visible to the spectator.

The swimmers are rescued in a very novel manner and the picture ends happily, not before Captain Nemo has scuttled his famous "Nautilus."

The beauty of the under sea scenes and the thrill of the fight between a pearl diver and an octopus cannot be over-estimated.

### SELIG RED SEAL AT QUEEN THEATRE

"The Heart of Texas Ryan," a Selig Red Seal play in five acts is the motion picture program for today and tomorrow at the Queen theatre. As the name indicates the scenery of the picture is located in Texas and the entire film is filled with roping, fighting and romance with the heroine a beautiful girl just home from Vassar. "Little Miss Mix-Up," played by the popular James A. Galvin company of eighteen people is bringing down the house on every occasion and will be continued until Saturday with a special matinee Saturday for children. "The Idols of Our Nursery Rhymes" will be produced then and it is expected that every child who attends will go away captivated.

### "SEVEN JOYOUS JOYS" AT ORPHEUM

"The Seven Joyous Joys" is proving to be the hit of the week at the Orpheum theatre. It is a vaudeville skit of the school boy and girl type and is especially appealing to the grown-up men and women on account of the fond memories that it brings to mind. Other acts are "The Musical Craigs," instrumentalists; Katherine Selsor, "The Woman Who Talks" and an unusually good motion picture bill, the attraction being "Love's Law," a Fox film, featuring Joan Sawyer and Stuart Holmes, both actors of note. The management is continuing their policy of "eliminating questionable jokes, a policy long continued by the management."

### PAUL QUINN CLUB AT BAYLOR THURSDAY

The Paul Quinn Choral club did itself "proud" from the minute the long line of white-waisted, black-skirted girls and black-clothed men filed in, they had the house with them, heart and soul. The insinuating rhythm crept into the tiniest recesses of the building, going to the heads of even the staidest and steepest. Spontaneous bursts of enthusiasm punctuated the droll chanting of each song, culminating to a roar of applause at its conclusion. Every number was encased by storms of clappings, and the singers were for the most part responsive.

But when Miss Jones, the club's soprano, stepped out, and folded her big, capable looking hands—not looking the least like a prima donna—the house lost control of itself. A sweeter voice has never been raised in Carroll chapel, and richer, fuller notes have never been the heritage of a negro.

## The Grocery So Different

412 AUSTIN AVENUE. PHONES 5000

Amazingly beautiful and powerfully sustained were her notes in "The Cows Are in the Clover." The entire song had to be sung twice before the delighted crowd would let her go.

The choral club as a whole did wonderfully well. They kept together, their time was perfect and the rhythm seemed part of their swaying bodies. The characteristic, funny, religious chant was followed by those haunting old songs, "Massa's in de Cold, Cold Ground" and "Sewanee River" and "Old Black Joe."

The quartet of male voices gave pleasure unalloyed. At the first deep note, a delighted smile came to every appreciative face, and clear through their "Beans, Beans, Beans" they held their audience enraptured. They had to go through the song twice, and then the applause was thundering.

As the big crowd passed out, everybody seemed to have an inclination to chant or hum the appealing, haunting strains to which the negroes had done such astonishing justice.

## Sub Chasers for Mexicans Held up by U. S. Officials

By Associated Press.

You need not tolerate gray, streaked or faded hair another day. It takes but a few moments to apply "Brownatone" with your comb or brush and give your hair the beautiful shade you most desire. Will not rub or wash off and guaranteed to contain none of the ingredients so often found in "dyes" and so-called "restorers."

Any shade from light golden brown to black. Sample and booklet sent free on receipt of 10c. "Brownatone" is sold by leading drug stores, in two sizes—25c and \$1.00. Order direct from The Kensington Pharmacy Co., 666 Scott St., Lexington, Ky. If your druggist will not supply you, you will save yourself much annoyance by refusing to accept a substitute. No samples at dealers.

Insist on "Brownatone" at your hairdresser's. Mention shade desired. Sold and guaranteed in Waco by Powers-Kelly Drug Co., Stetler's Drug Store and other leading druggists.

Removal Notice.

## FRECKLES

March Worst Month for This Trouble. How to Remove Easily.

There's a reason why nearly everybody freckles in March, but happily there is also a remedy for these ugly blemishes, and no one else need stay freckled.

Simply get an ounce of othine, double strength, from your druggist and apply a little of it night and morning, and in a few days you should see that even the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they may stay all summer, and spoil an otherwise beautiful complexion. Your money back if othine fails.

THIS WOMAN HAD GIVEN UP ALL HOPE OF HER RECOVERY

MRS. SANDIDGE WAS CONFINED TO HER BED FOR MONTHS. GAINED 21 POUNDS ON TANLAC AND IS NOW WELL AND HAPPY.

"I have taken three bottles of Tanlac and have actually gained twenty-one pounds" was the remarkable statement made recently by Mrs. O. F. Sandidge, of Adair, Okla., in a conversation with D. C. Parker, the well known druggist at Pryor, Okla.

"I can't find words," continued Mrs. Sandidge, "to express my gratitude for the wonderful work Tanlac has done for me. Before I took it I was sick, and had been for over a year, with serious stomach trouble and other things, and while I took every kind of medicine I could get hold of I kept getting worse. I got so bad off I had to give up and was down in bed from last November until Tanlac got me up a few days ago.

"I was examined three different times and was told there was no chance for me. I fell off until I weighed only ninety-three pounds and was in a dreadful condition. Everything was done for me it seemed that could be, but with all that I was given up to die. I had begun to think myself I couldn't get well, but with all that I had to discourage me and put me out of heart, I still had hope of finding something to bring me relief.

"One day I read a testimonial for Tanlac that described my case almost exactly and somehow I felt like it was just the medicine I needed. Right then I determined to try it, but I couldn't get it where I live and sent forty miles for my first bottle. Well, wonderful is the only word that expresses it. It has acted more like a miracle than medicine and my hopes of being restored to health are realized at last.

"In just a few days after I began taking Tanlac I felt better. I began to eat and sleep better and could tell I was getting stronger. My stomach trouble and whatever else it was pulling me down is all gone now and I have never had anything to be so thankful for. I now weigh 114 pounds, have gained twenty-one pounds by actual weight, and lots of people are surprised at my recovery. I am now a happy woman. I am doing all my house work and praising Tanlac every day for what it has done for me."

Tanlac is sold in Waco by Morrison's Old Corner Drug Store under the personal direction of a special Tanlac representative.—Adv.

Waco Spirit Is Praised by Houston Auto Visitor

"With the exception of a few sandy places, in certain counties, the roads between Houston and Waco are in a splendid condition," said Sam Kaiser, one of Houston's leading Rotarians, who, accompanied by his wife, drove through to Waco from Houston. Mr. Kaiser is a commercial artist and is also the official Rotarian artist, of Houston.

"We claim that our Rotary club is the largest in the state," said Mr. Kaiser, "and we feel that it is doing a great deal for the upbuilding of the city. While my trip to Waco is not of a business nature, I have met quite a few of your representative citizens and I can say that I think Waco is fortunate in having men of such a progressive type." The Rotary club of Waco is doing big things, and from the way it looks to me, is growing fast.

Mr. and Mrs. Kaiser started on their return trip yesterday afternoon.

WACO-PALESTINE ROAD COMMITTEE MEETS THURSDAY

HOLDS CONFERENCE IN Y. M. B. L. ROOMS YESTERDAY AFTER-NOON TO REVIEW PROGRESS.

To further the promotion of the proposed Palestine-Waco state railroad, a central committee composed of representatives from Waco and the towns between this city and Palestine, met in the rooms of the Y. M. B. L. at 2 o'clock yesterday afternoon.

A conference of the committeemen was held in the forenoon but as the majority of members had not arrived the meeting was delayed until the afternoon. Three other points have been proposed for this railroad, Dallas, Shreveport or Alexandria, and it is the intention of this band of representative men to see that Waco gets the road.

The main purpose of this meeting was the appointment of a sub-committee to arrange for co-operation between the towns along the proposed line, and to arrange for an active campaign of a systematic nature. The committee appointed is as follows: D. Leon Harp, chairman, of Mexico; Judge A. M. Blackmon of Groesbeck and W. W. Naman of Waco. These men will also arrange for another committee meeting to be held in the near future at Mexico.

The general committee consists of the following: D. Leon Harp of Mexico, chairman; W. F. Storey of Fairfield, Louis Scharr of Groesbeck, Robert Dupree and W. W. Naman of Waco. Others in attendance at the business meeting were E. A. Miller, Waco, chairman of committee on statistics; Roy Christian, Waco, of the committee on publicity; Fred Hill of Fairfield, Dr. David of Kirk, Mr. Pierce of Kirk, Mr. Bennett of Mexico, Mr. Jefferies of Kirk and President W. L. Edmond of Waco.

Perhaps It's Here

THE city health officer of Dallas, Charles Saville, will speak at the Central Christian church today at 3 o'clock. Mr. Saville is a well known speaker and has a talk that will be of vital interest to everyone.

The matter of placing a squeegee on Elm street received the attention of city councilmen at the last meeting and upon advice from City Attorney Maxwell it was deemed advisable to use it.

The city corral keeper has resigned.—John Moore tendered his resignation to the city fathers at their recent meeting and it was accepted. Street Commissioner J. F. Stamp has been appointed to find a new man to guard the pound.

Instructions have been given Finance Commissioner Harlow, by the city authorities, to pay W. R. Orman the sum of \$125 for judgment given him in the courts for damages caused him in the opening of Bosque street.

The claim against the county for care of county small pox patients by the city, and the claim of the Fall Undertaking company for the burial of city small pox patients, were taken up in a meeting of the city councilmen, held yesterday. The first claim was referred to Mayor Dollins and Commissioners Cockerill and Harlow, the latter claim to Commissioner Harlow.

Commissioners J. F. Stamp and J. Harlow have been detailed to investigate the advisability for use by the city of a new steam roller for use by the city. They will report at the next meeting of the city commissioners.

Finance Commissioner Harlow has been appointed to look into the manner of recording the city ordinances and will give the matter his attention at once.

The city commissioners yesterday referred the matter of sewerage in the Edgefield section, to the city health department. Some time ago a petition was sent in to the city officials by the citizens of Edgefield asking for a sanitary sewer in their section.

As a representative of the Y. M. B. L. street opening committee, R. L. Hirschfield appeared before the meeting of the city commissioners yesterday morning and asked for information in regard to the taxing of property owners affected by the opening of Seventh street from Austin to Washington. A ruling from the city attorney was obtained in which it was learned that this could not be done.

Y. M. B. L. WILL URGE BUSINESS HOUSES TO CLOSE ON APRIL 5

DESIRE GOOD SEND-OFF FOR OPENING OF BASEBALL SEASON IN WACO THEN.

If the merchants fail to close their stores for the opening of the Texas league season next April 5, they will be breaking a custom that they have followed without a single exception for the last five years, was the opinion reached at a meeting held in the Business Men's club rooms at 3:30 o'clock yesterday afternoon by representatives from the Y. M. B. L. and Business Men's club.

After a lengthy discussion in which nearly every member took part, a motion was made and passed by the business men to reconsider their refusal to close and to issue the following statement: "We agree to close our places of business from 4 until 6 p. m. on April 5, the opening day of the Texas league, providing the committee from the Y. M. B. L. succeed in obtaining a promise from the majority of the Austin Avenue business men to do likewise."

**Offer Attendance Prize.**  
A prize has been offered by the president of the Texas league to the town having the largest crowd in attendance, in proportion to its population, at the opening game. Every endeavor will be made by Waco to win this cup. A statement was made by representatives of the baseball franchise owners that it was not money support that the club was asking for, but that they wanted the individual support of every citizen of Waco by having them take an active interest in the team and its games.

Colored Association in Waco Garden Campaign

The clean-up campaign is being pushed strenuously by the association for the Advancement of Colored People. Talks are being made in the city schools. Prof. R. H. Hines, president of the association, talked to the teachers of the Moore high school yesterday evening and they unanimously endorsed the clean-up movement. Talks have been made to the high school pupils. The garden committees report that many renters are being induced to plant small gardens. The association is furnishing for those who need such aid. Flower seeds are being given away also. The financial teams are meeting with pleasing results even though they are able to solicit only about an hour each day. It was stated yesterday by one of the directors of the association that the solicitations will be confined principally to colored people because one of the objects of the association is to encourage self help. Among those who contributed yesterday were: J. J. Rhoads, C. H. Furlow, Rev. J. W. Burton, Dr. I. A. Gordon, Dr. W. G. Sorrell, Rev. E. J. Bowers, Dr. J. A. Russell and Charles Gregg.

Junior Commercial Club Holds Enthusiastic Meet

The board of directors of the Junior Commercial club met last night and perfected plans of the luncheon to be held at the next general meeting, April 5. The object of this luncheon is a get-together meeting. A special committee was appointed to have patriotic cards printed and placed in all the show windows of the city. The divic improvement committee received communications from the Chamber of Commerce, Y. M. B. L., Lions' club and Mayor John Dollins, accepting their support in all their undertakings and extending their best wishes to the club. A good report was heard from the membership teams, stating that several new members had been added to the club in the last week.

Affirmative Side Wins in Speaker's Debate

By a vote of four to one the decision of members at the Speakers club last night went to the affirmative side, the question of the debate being "Resolved, that the state of Texas should abolish capital punishment." Speakers supporting the question were T. J. Conway and T. Edgar Johnson, while those opposed were John Erhard, Jr., and Warren Wood Hunt. Mr. Erhard received special mention as the best speaker on the debate. E. R. Miller acted as critic.

Roy Christian was present and delivered the oration of the evening. E. H. Steindam was a visitor and favored the club with a nice talk.

BOOKS ON BIRDS AT LIBRARY.

In connection with the celebration of Bird Day, which commemorates the birthday of John Burroughs, April 3, the public library calls attention to new books added. The list below includes a few books already in the library and a number of pamphlets relating especially to birds in Texas: "Bird Friends," by Trafton. Under the headings, "Value of Birds," "Enemies of Birds," "Bird Protection" and "Bird Study in Schools," the writer covers comprehensively, with many attractive illustrations from drawings and photographs, facts of interest not only to bird lovers but to teachers and others concerned with community welfare.

"Wild Bird Quests," by Baynes. Mr.

Payne, who is an authority on the subject, writes entertainingly of "how to entertain the wild birds." He gives rules and constitutions for the forming of bird clubs.

"The Travels of Birds," by Chapman. An interesting and authentic account of our birds and their journeys to strange lands.

"Handbook of Birds of the Western United States," by Bailey. A complete list of the birds of the United States west of the 100th meridian. The list is accompanied by illustrations and short descriptions.

"Bird Book," by Reed. Illustrations in natural colors of more than 700 North American birds, also several hundred photographs of their nests and eggs.

"Bird Migration," by Cooke. A detailed bulletin issued by the United States department of agriculture.

"Use and Value of Wild Birds to Texas Farmers," by H. P. Attwater. An illustrated bulletin prepared by Mr. Attwater and issued by the Texas department of agriculture.

"The Birds of Texas," by Strecker.
